

## Cardiology, Diabetes & Nephrology at the Limits

Royal College of Physicians, London

Monday 4<sup>th</sup> & Tuesday 5<sup>th</sup> April 2022

### Chairpersons:

Derek Yellon, John Cunningham, Stephanie Baldeweg,  
Brian Rayner, Mpiko Ntsekhe, Peter Libby, Marc Pfeffer, Richard Horton

The Lancet lecture:

1. **Prevention from an early age – a no brainer but who will listen?**

Professor John Deanfield  
University College London, UK

2. **Have we reached the limits of lipid lowering and outcome: Statins to PCSK9 inhibitors?**

Professor Marc Sabatine  
Brigham & Women's Hospital, Harvard Medical School, Boston, USA

3. **Inflammation as a CVD accelerator!**

Professor Justin Mason  
Imperial College London, UK

4. **SGLT inhibitors – are there no therapeutic limits?**

Professor Alice Cheng  
University of Toronto, Canada

5. **The kidney as a cardiovascular disease accelerator**

Professor Christoph Wanner  
University Hospital Würzburg, Germany

6. **GLP-1 analogues: are there no therapeutic limits?**

Professor Dan Drucker  
University of Toronto, Canada

7. **The FGF23 & Klotho axis – the need for a fine balance.**

Professor Tamara Isakova  
Northwestern University, Chicago, USA

8. **The Hatter Award Lecture:**

**Heart Failure: pharmacology that extends the limits!**

Professor John McMurray  
University of Glasgow, UK

9. **Heart failure: transplantation & devices that extend the limits!**

Professor Jon Kobashigawa  
Cedars-Sinai Heart Institute, California, USA

**The Lionel Opie Lecture**

10. **Cardio-oncology: Treatment still far from the limits.**

Professor Malcolm Walker,  
University College London, UK

**11. Healthy ageing - how to prevent cardiovascular disease & diabetes!**

Professor Nishi Chaturvedi  
University College London, UK

**12. Myocardial Infarction with Nonobstructive Coronary Arteries - why women?**

Professor Harmony Reynolds  
New York University School of Medicine, New York, USA

**13-14. Debate:**

**Inflammation vs LDL Lowering**

Professor Peter Libby  
The Brigham & Women's Hospital, USA

Professor Derick Raal  
University of the Witwatersrand, South Africa

**15. Long-Covid - recovery on hold!**

Dr Melissa Heightman  
University College London, UK
